

**Clarification of Scope of Works
For**

RFQ46.2024 – Taylor Park Earthworks and Tree Removal

Date: Thursday 16 January 2025

Weddin Shire Council

In accordance with Council's Procurement Policy, any clarifications of scope of works are provided below and will be updated accordingly. It is the responsibility of suppliers to check any clarifications that may be updated on Council's website prior to their submission.

Question 1

Who is responsible to establish the locations of all underground and other services?

See Addendum 001 under the heading UNDERGROUND UTILITIES:

It states in the RFQ and RFT documentation: *before starting construction work, the applicant needs to establish the precise locations of all underground and other services at and around the Site. Utilise Dial Before You Dig, service owner information, service locators, pot-holing and other non-destructive techniques.*

In addition to the applicant undertaking the above, Council will be identifying and marking out Council's recycled effluent lines and have the underground power supply lines (from Middle Street, to the rotunda then onto the toilet amenities) identified in Taylor Park.

Question 2

Who is required to supply fencing and signage?

The applicant may be required to supply temporary construction site fencing (2.4 X 1.8 MESH) and signage for the zone they are working in. You may find it easier to quote as a separate line item in your submission in a per panel rate.

Question 3

Do the stumps around the back of the council office need to be removed?

No - Please note the Bottlebrush trees around the Council office no longer require removal. You can see these marked out for removal on Appendix B Documentation Hardworks, map L201 (pg 8).

Question 4

What specifically is the earthworks that needs to be done?

The earthworks will be what is required to meet levels, for the paths, for footings and concrete pads etc. Softfall areas all need to be excavated to required depths etc.

Question 5

I am unable to find a detailed scope of works, maps or photos of the works in the documentation provided. Where would I find this information please? I have looked on the website and on VendorPanel.

Please refer to councils website where it has:
RFQ document
Appendix A – Earthworks and Tree Removal Brief
Appendix B – Documentation Hardworks
Appendix C - Landscape Specification Hardworks

We are doing up a Questions and Answer page that will also be added to the PDFs available to you, and it will list any other enquiries we receive and the answer.

Question 6

I am just enquiring if there is a BOQ for the earthworks package for Taylor Park project, It is a bit difficult to determine quantities based on the plans provided?

Please see the new added on Wednesday 15 January 2025, Appendix D.

Question 7

Could you please advise if there is a site visit/meeting arranged for this tender or can we visit at our own leisure? I wasn't able to see any dates in the tender documents.

There are no planned site meetings. You are welcome to visit the site at your own leisure.
